Biergerinitiativ Quo vadis Käerch

**The “Citizens’ Initiative Quo Vadis
Koerich” campaigns for the
protection of historically valuable
houses in the local community of
Koerich**

Member of the "Lëtzebuerger Denkmalschutz Federatioun" LDF

Our Activities

>> periodical exhibitions about local historical topics

>> regular conferences about local and national history

>> We campaign for the protection of our historical heritage, especially for the protection of our old houses, our church, our tombstones as well as our wayside crosses

>> research on the local history

>> We do genealogical research, and we organize guided tours in the church and throughout our villages, specifically for the descendants of local citizens who emigrated to America

>> We provide guidance to owners of old houses who wish to restore the building's façade or replace its windows or doors

>> We can even provide advice for people who wish to ask for subsidies from the "Institut national pour le patrimoine architectural (INPA)"

>> We regularly support other regional associations by being present at their events or by manning a stand at book fairs

>> As a founding member of the Luxembourg Cultural Heritage Federation LDF, we hold a seat on the council

>> At the moment we are working on a chronicle of houses in the 3 villages of the local community
